EXECUTIVE COMMITTEE GATHERS TO REFLECT ON MUNICIPAL PROGRAMS

MANDENI MAYOR'S MESSAGE

Mayor - Cllr. Sphehile Zulu

As we finish the third quarter of the year 2017/2018, Mandeni Municipality remains optimistic towards developing the communities

of Mandeni. We are streamlining ahead with our vision of being a reliable people-centred and sustainable economic hub by 2030.

This year, President Cyril Ramaphosa declared 2018 the year of Nelson Rolihlahla Mandela. Government has also called on us all to play our part in recognising and emulating the values of our first democratic President. It is through this call that Mandeni is more focused than ever towards creating a municipality that promotes the principles of Batho Pele and the Back to Basics program that is committed towards selfless service for the community.

We recently held a policy review session to take an in-depth look at the municipality's policies and determine whether objectives are being met through the policies in place. It was highlighted in the session that more programmes to address youth issues such as education and sports are crucial towards investing in a youth that will be able to be independent in the future. The Mayoral Bursary Scheme continues to be at the forefront towards youth development in Mandeni and is one of our many initiatives which help boost our youth in education and skills development. The Youth Driver Training Education Programme also

helps to assist open many more employment opportunities to our youth in our community. Investing towards the refurbishment of Isithebe Industrial Park is reaping rewards as we recently welcomed a R100 million Whirlpool plant expansion at the Industrial Park. The plant expansion is a welcomed investment in Mandeni and revitalises business trust back into the Isithebe Industrial Park. We also welcome provincial government's goal of modelling Isithebe Industrial Estate into a development area for heavy industry. The area's proximity to the King Shaka Airport and the Durban Harbour makes this possible. Work is also under way to explore the possibility of Isithebe being part of the broader Richards Bay Industrial Sector Special Economic Zone. This is good news for our community, as more job opportunities and skills development will now be a possibility in Mandeni, contributing towards ending the scourge of poverty and unemployment.

We are proud to have our own economic hub of Isithebe Industrial Park, we urge all residents of Mandeni to protect Isithebe from vandalism and any opportunistic acts of violence.

Mandeni is indeed one of the fastest growing towns in our region.

MUNICIPAL MANAGER'S MESSAGE

Municipal Manager Sizwe Khuzwayo

As we roll up our sleeves to make Mandeni Municipality better for our people, we remain

deeply committed towards improving the lives of its people. During the course of this year we will be adopting and reviewing policies that will be of benefit to our communities.

We are living no stone unturned with our corporate stakeholders to restore the confidence of investors in Isithebe Industrial Park. It is vital for all of us to ensure that Mandeni is able to capitalise on its strategic location which is in-between Richards Bay and Durban to maintain our economic hub. We recently welcomed the R100 million Whirlpool plant expansion project at the Industrial Park. Whirlpool is the largest manufacturer of refrigerators in Southern Africa and their establishment in our Municipality is a confidence booster that showcases levels of confidence of the Isithebe Industrial Park.

As per the legislation the municipality ensures strong public participation structures that we encourage all our communities to utilize in engaging council such as various ward committee forums and war rooms. We rely on these structures for information, dissemination and other community

engagements. We are currently busy with our IDP and Budget 2018/19 engagements for the community to be able to make inputs and suggestions to the Municipality.

Our Executive Committee also took the time to go through the activities that took place during the first six months of the 2017/2018 financial year and to map a way forward for the rest of the financial year. We are working hard with council to ensure that we achieve a clean administration that delivers to its people.

We have committed ourselves in ensuring that Mandeni delivers fast and effective delivery to its rate payers. We have also urged all our staff members and councillors to roll up their sleeves in ensuring that we speed up service delivery all citizens of Mandeni Municipality.

I thank you.

ENLIGHTENING POLICY REVIEW SESSION HELD IN MANDENI

Mandeni Local Municipality held a three day Policy Review Session at the Mandeni Golf Club from the 13th to 15th of March 2018.

The aim of the policy review was to take an in-depth look at the municipality's policies and determine whether objectives are being met through the policies. Addressing the session His Worship Mayor Cllr Sphesihle Zulu said he feels honoured to be part of the review session as this is a moment for all in the session to reflect and evolve the policies to better the Mandeni Municipality. "We are here today to engage robustly and honestly with aim of reviewing our policies as Mandeni municipality, to guide our decision-making policies to bring order in all our policies as the council, even when we speak as Cllrs we should speak the policies of the council," said Mayor Zulu. Mayor Zulu further commented that it is vital to understand the policies of the council.

Mayor Zulu also urged all Easter Holiday makers to be safe on the roads as they embark on their different journeys. "We must all work together in decreasing the

number of fatalities on our roads, we should all preach the gospel of safety and play a central role in saving people's lives," said the Mayor.

I will be failing my duty if I don't also remind you that this year is regarded as the Mandela Centenary so Mandeni should emulate Dr Nelson Mandela's programmes this year "We must have programme that will address youthful issues like education under his name, we must have sports programme under his name, but on top of all as Mandeni we are coming from the huge decline like the loss of the clean audit and I must say we must put more of our focus to regain clean audit, furthermore we need to see a detailed plan as to who is doing what and when in order to regain the clean audit," said the Mayor.

Among the policies that were overlooked we can mention the Indigent management policy, credit control and debt collection policy, property rates policy, supply chain management policy, budget management policy, virement policy, travel and subsistence policy and new policies.

MUNICIPALITY WELCOMES WHIRLPOOL PLANT EXPANSION

Mandeni Local Municipality welcomed the R100 million plant expansion at the Isithebe Industrial Park. The plant expansion is a welcomed investment in Mandeni and revitalises business trust back into the Isithebe Industrial Park.

Transport, Community Safety and Liaison MEC Mxolisi Kaunda attended the unveiling of the Whirlpool Plant on behalf of Economic Development MEC Sihle Zikalala. MEC Kaunda hailed the move as one that would revive investor confidence by the big conglomerates in Isithebe.

The Isithebe Industrial Estate was reduced to ashes during violent protests by the community. Thousands were left unemployed following the violent protest which left some factories in Isithebe destroyed.

Whirlpool was among the companies that remained and invested in the recovery of the manufacturing sector in the area. MEC Kaunda commended Whirlpool saying that the provincial government's long term plans for Isithebe Industrial Estate was to make it the mainstay of manufacturing. "The area's

proximity to the King Shaka airport and the Durban Harbour is in-line with our goal of modelling Isithebe Industrial Estate into a development area for heavy industry. Work is also under way to explore the possibility of Isithebe being part of the broader Richards Bay Industrial Sector Special Economic Zone," Kaunda said. In a statement MEC Zikalala said in a statement: "Major investments have also

taken place in our special economic zones in the recent past.

We will continue to aggressively sell our province as a destination for investment. "Mandeni local municipality Mayor Cllr Sphesihle Zulu and Speaker Cllr Makhosazane Zungu were present for the tour of the newly extended plant.

thanked Nonotainment and Metso Minerals for the great support they have shown by ensuring that the donation is being obtained and making contribution to the education system. “What you have done is the great investment to the young people of Mandeni, I am quite certain that this will restore dignity to the African child as it will help bring hope to disadvantaged learners of Mangethe primary school,” he said.

The Mayor further urged community members and parents to ensure that they take full ownership of the school by policing their school in order to avoid school vandalism.

Thulani Makhoba from Metso Minerals said as local business people they are prepared to do more and contribute to the wellness of the school only if community members take full ownership of the school and its property, on the other hand Nono Biyela co-owner of Nonotainment

group and the driver of the project was also delighted to be part of those who plough back to the community.

“I am very happy to be able to assist as I also was once a learner without a school uniform,” said Biyela. Speaking on behalf of the school, school Principle, Miss Mathonsi extended

sincere thanks to both the municipality leadership and local business people for choosing Mangethe primary. “Our hands are open to all sponsors and other local businesses who are interested in sponsoring or investing in our school as we are located in the disadvantaged community,” said Principle Mathonsi.

The donations included full school uniforms with school shoes. Mandeni Speaker Cllr Makhosazana Zungu, Cllr Zamisile Mdletshe, Cllr Melody Mdunge, ward Cllr Mkhanyiselwa Mngadi and members of the community.

EXECUTIVE COMMITTEE GATHERS TO REFLECT ON MUNICIPAL PROGRAMS

Mandeni Municipality Executive Committee (EXCO) members gathered to reflect on Municipal activities which took place in the first six months of the current 2017/2018 financial year. The two day Exco gathering was held in Zinkwazi on the 15th and 16th of January 2018.

Mandeni Mayor Cllr Sphesihle Zulu said the Municipality with assistance from the community will build on achievements previously made in serving the community. “Together we will build on achievements made in delivering basic services to the people, improve access to municipal services, reduce outsourcing in the municipality, further improve public participation and accountability of councillors, develop and strengthen local economies, create jobs and promote job placements especially for the youth and promote education as the apex priority in

local communities,” said Mayor Zulu.

Municipal Manager Mr Sizwe Khuzwayo said the annual gathering to reflect on how the municipality performed with its IDP in the first six months of the financial year.

“This gathering will guide us in preparing for our next financial year, focusing on good governance and public participation, institutional arrangements and transformation, basic service delivery and infrastructure development,” said Khuzwayo.

The EXCO recommended the implementation of fleet management policy and consequence management, radical approach on finding a long term solution on cemetery

establishment site, awareness campaign with regard to waste management, issues affecting youth and influencing of the curriculum of uMfolozi TVET colleges were also among the recommendations made in the gathering.

Standing from left to right: Cllr Mlungisi Shelembe, Cllr Xolani Mdletshe, Cllr Nomisa Shandu, Mandeni Municipal Manager Mr Sizwe Khuzwayo, and Cllr Linda Mdletshe. Seated from left to right is Cllr Ntombizodwa Ntuli, Mandeni Speaker Cllr Makhosazana Zungu, Mandeni Mayor Cllr Sphesihle Zulu, Mandeni Deputy Mayor Cllr Phindile Sishi and Cllr Melody Mdunge.
